'Psychedelic'

Sleight of Hand Cellars Syrah

Walla Walla Valley

96

The Psychedelic Syrah is always one of my favorites from the Sleight of Hand team and the 2021 vintage is another stellar example. It's a more restrained Syrah than its siblings which creates a lovely polish across the entire experience. Black cherries, blue plums, dried purple flowers spill from the glass alongside shades of espresso and just a hint of dried sage. With a finish that goes on forever and sweet crunchy tannins, this wine will deliver well into the 10 year mark.

Highly recommended.
